“People for India”.

---

“People for India” a social service organization that works for betterment of the society and contributes for the development of India has started on 04/23/10.

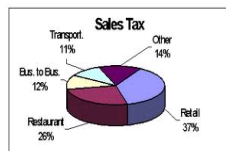

### Group:

A small group had put their first step forward to start this organization. The intellect of this group yielded new horizons to provide the shape for the organization and defined the activities. Continued spirit with novel thoughts is the testimony of the activities being performed and stood for spreading the waves.

### Thoughts:

Before going into the public, organization has felt to prove its stand by executing the short term projects that shall inculcate zeal and give the taste of success. The team unveiled their thoughts and designed the implementation of a project despite limited resources viz., finance and people.

### Tenet –Sales Tax:

Every member of PFI is a model citizen of India and the proof for this is the tenets being practiced by the members. The first Tenet is devised as ‘Pay Sales Tax’ and being followed by the members positively.

Organization believes in networking which is the way for sharing the thoughts and updating the current trends and activities of the organization. PFI has created the Orkut community on July 15, 2010.

#### **Projects:**

#### **Smart Waves:**

The first project 'Smart Waves - A motivation to assist the needy with the information for Studies and Living' was completed wherein the information on various financial assistance programs for higher studies after 10<sup>th</sup> standard/SSC in Andhra Pradesh was collected and disseminated to the needy and meritorious students.

#### **Project Patronize:**

A project is kicked off with a motive of increasing the membership in India and forming the teams/clubs who can contribute to the organization by executing short term projects and fulfilling the mission of PFI.
